OFFICIAL COPY

To Whom it May Concern,

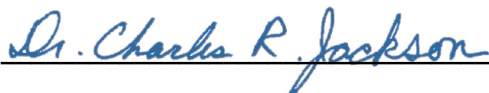

I am writing on behalf of the candidacy of Mr. Kevin Worley for a substitute teaching position in your school system. I was fortunate to serve as one of Kevin's professors at the Bailey School of Music at Kennesaw State University from August 2019 through December 2020. I found Kevin to be a kind, calm, and mature student who applied his talents and efforts in each of my classes. His musical skills and musicianship are beyond amazing and serve as a testament to his dedication to excellence, hard work, his high level of self-discipline, and his level of focus in achieving his goals. All of those positive attributes spill over into all other areas of his life.

You will find Kevin to be reliable and an effective team member while working with students, other faculty members, and administrators.

As I begin my 47th year as a professional educator, I know that you actively seek exemplary candidates like Mr. Worley to work with the students in your school system. I would consider myself very pleased if Kevin served as a substitute teacher for my own children....and I had five!

I strongly support Mr. Kevin Worley's candidacy for a substitute teaching position in your school system and feel that he will fulfill all your expectations of a fine teacher. I recommend him highly and without reserve. Please feel free to call me at the number provided below if you need more positive feedback for this outstanding candidate.
