To: Whom It May Concern

Re: Kevin Worley

Letter of Recommendation

I am writing this letter of recommendation on behalf of Kevin Worley. I was fortunate enough to mentor him in his academic and intellectual abilities as well as support his endeavors in music. He is a talented young man, who is extremely capable of succeeding in any role that depends on responsibility, punctuality, and strong, logical decisions. Kevin is willing to work hard and to do his best because he is strongly motivated to reach his goals. In addition, Kevin is a kind, respectful, and disciplined team player.

Kevin will connect with the students as well. Because of his pleasing personality, Kevin draws others to him. I am sure that the students will look forward to his work as a substitute teacher in various settings. Connecting with children and young people is most important when one is a substitute teacher- especially when this is coupled with firm leadership.

I have been in education for over 30 years. Every encounter with Kevin Worley is a pleasure. I am sure that you will be happy to have Kevin on your team as you seek to give the students an opportunity to connect with a substitute teacher. In fact, I would expect him to be offered a full-time position in the school district, as those jobs become available. Kevin Worley will certainly represent the district in a professional and outstanding manner.
