Q1. Based on the internship contract, you listed specific tasks you wanted your intern to be involved in. Of those tasks listed, was the intern involved in all of them ?

- ☒ yes
- ☐ no

Q2. Did the tasks appear to be too difficult or too easy for the intern?

- ☐ difficult
- ☐ easy
- ☒ neither...just right

Q3. If too difficult, what tasks did you assign for them to complete?

This question was not displayed to the respondent.

Q4. If too easy, what more advanced tasks did you assign for them to complete?

This question was not displayed to the respondent.

Q5. What were your intern's greatest strengths and weaknesses?

Kevin is great at throwing himself in the mix and figuring things out. He was always asking questions and show an initiative to learn and grow.

Q6. What areas of performance or knowledge/skill deficiencies should the intern address to enhance his/her professional potential?

Kevin can continue to familiarize himself with the equipment and pro tools. This comes from just more hands on experience.

Q7. What constructive feedback, positive or negative, would you offer the intern, to achieve professional success at their next internship/first job upon graduation?

Just keep working hard and being yourself! Kevin is fantastic working in a team setting and will be a big asset to someone's studio in the future!

Q1. **OVERALL EVALUATION:** Based on the responses above, please select the appropriate descriptor of your intern's performance during the entire semester.

Keep in mind that **a score of 0 or 1 will result in a failing semester grade** for the intern. Please do not let this deter you from issuing that score if it is the appropriate score to give. I would much prefer a student to learn hard lessons now rather than during their first "big" job.

- ☒ **4 = Outstanding:** The intern's demonstrated learning and development well exceeded the average and his/her performance was exemplary on all standards.
- ☐ **3 = Excellent/Above Average:** Intern somewhat exceeded average undergraduate learning standards and work performance expectations based on the above criteria.
- ☐ **2 = Average:** Intern satisfactorily met established learning standards and job performance expectations.
- ☐ **1 = Below Average:** Intern demonstrated effort, but performance was below expectations.
- ☐ **0 = Unacceptable:** Recommend that academic credit not be awarded based on insufficient effort and performance as well as lack of demonstrated learning.

Q2. **NEW STATEMENT TO ACKNOWLEDGE**

Please be aware this evaluation, whether positive or negative, needs to be shared with the intern. The purpose of the internship experiences is for learning and should be used to encourage or improve ones actions.

I understand that my intern will be given a copy of this evaluation at the end of the semester. Any discussions I want to have should take place before the internship ends.

☒ I understand

Q3. Please acknowledge that you are submitting this evaluation of the intern as their supervisor by copying/pasting or by typing your name below.

Q4. We would like to collect any feedback you would like to share based on the below questions.

What knowledge base would you like to see our students have before participating in your internship?

What processes or topics of the industry do you see that our students need to know more in depth about?

What topic/process is not as important today as it maybe once was?

Please feel free to leave any additional comments regarding the intern or the program as a whole.

Any feedback provided would be greatly appreciated.
